White County Operations Update during COVID-19 (Updated Items in Red)

White County is implementing its emergency response plans and working diligently to ensure the health and safety of county employees who deliver services to our citizens. The county has closed those functions that encourage social gathering such as the Senior Center, libraries and parks and recreation through the end of the March. The Emergency Operations Center is open and monitoring the pandemic and helping elected officials make informed decisions about limiting operations and potential closings. White County is providing COVID-19 information on its website, www.whitecounty.net, and also on the Emergency Management Facebook page.

Effective Monday, March 23, 2020 and for at least two weeks (through Friday, April 3, 2020) – as a precaution and to limit exposure from person to person contact, White County Government will be restricting access to facilities. White County will continue to provide services via phone, email, internet and mail. Employees will be available by these methods on a daily basis during normal business hours.

Below is a list of White County operations and their current operating status. Please understand that the COVID-19 pandemic is a very fluid situation that may call for a change of operations at any time. White County will update this information on a daily basis.

0 confirmed cases of COVID-19 in White County according to Georgia Department of Public Health.

White County Commissioner's Office – The Board of Commissioners office remains open at this time. Citizens are encouraged to do as much business as possible electronically or on the phone. Contact 706-865-2235 for information.
