**WHITE COUNTY, GEORGIA  
ORGANIZATIONAL CHART**

This page intentionally left blank.

**November 15, 2016**

**To the Honorable Chairman, Members of the Board of Commissioners, and Citizens of White County, Georgia:**

**Ladies and Gentlemen:**

State law requires that all general-purpose local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we are pleased to present the Comprehensive Annual Financial Report (CAFR) of White County, Georgia for the fiscal year ended June 30, 2016.

This report consists of management's representation concerning the finances of White County and was prepared by the Finance Department. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of this County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. The County's comprehensive framework of internal controls is designed to provide reasonable, rather than absolute assurance that the financial statements will be free of material misstatements.

We believe the data is presented in a manner which fairly sets forth the financial position and results of operations of the County as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain a comprehensive understanding of the County's financial activity have been included.

The County's financial statements have been audited by Rushton and Company, LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating overall financial statement presentation. The independent auditors concluded, based on the audit that there was a reasonable basis for rendering an unmodified opinion that White County, Georgia's financial statements for the fiscal year ended June, 30, 2016, are fairly presented in conformity with GAAP. The independent auditors report is presented as the first component of the financial section of this report.

As a recipient of federal and state financial assistance, the County is also responsible for ensuring that adequate internal controls are in place to assure compliance with applicable laws and regulations related to those programs. Thus, internal controls are subject to periodic evaluation by management.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

### **General Information on White County**

White County, originally organized in 1818 as part of Habersham County, was officially established on December 22, 1857 and named in honor of Col. David T. White, a member of the Georgia General Assembly.

The County is known for its beautiful mountain scenery, the most recognizable being majestic Mt. Yonah. A large portion of the county is protected by the US Forest Service with 42,000 acres of the county belonging to the Chattahoochee National Forest. Thousands of people travel to the County each year to enjoy the mountains, rivers and scenic attractions that are the main reasons tourism is such an important segment of the local economy.

A recent estimate of population growth in White County as of June 2016 compared to the 2000 census had increased approximately 9,244 citizens, and is expected to continue to rise. With its close proximity to Atlanta, White County residents enjoy not only the peace and beauty of a rural lifestyle, but the availability of big-city activities.

In order to protect the County's natural assets, regulations for River Corridor, Groundwater Recharge, Wetlands, Watershed Protection and Mountain and Hillside Protections have been implemented. White County has many opportunities and challenges for its future. The Board of Commissioners' goal is to preserve the County's environment, beauty and history while meeting the growth and needs of the future.

## **Government Structure**

In January 2011, White County went from a three member Board of Commissioners to a five member Board, with the Chairman being elected at large and the four district commissioners elected by their district. The County operates on a County Manager form of government, who runs the day-to-day operations and oversees compliance of the county policies.

White County citizens also elect other officials, including the Tax Commissioner, Sheriff, Magistrate Court Judge, Probate Court Judge, Superior Court Judges, Clerk of Court and Coroner.

The County provides a full range of services, which includes law enforcement and fire protection, animal control services, maintenance of roads and bridges and recreational activities.

The County maintains budgetary control to ensure compliance with the annual appropriated budget approved by the White County Board of Commissioners and State law. Annual appropriated budgets are adopted on a basis consistent with Generally Accepted Accounting Principles for the General Fund and all Special Revenue Funds. Project-length budgets are adopted for all Capital Projects Funds. Annual operating budgets are not legally required for enterprise funds, but are prepared for use in planning control and evaluation purposes. Budgetary control is essential to good financial management and the County has established a legacy of balanced budgets and good budgetary control. For each fund, financing sources are identified for all expenditures/expenses. The level of budgetary control (the level at which expenditures cannot legally exceed the approved budget) is established at the department level.

The budget process for each fiscal year typically begins in January for the upcoming fiscal year. The County's fiscal year runs from July 1<sup>st</sup> to June 30<sup>th</sup> of each year. Revenue and expenditure estimates are prepared by the responsible departments and presented to the Finance Director and County Manager for review. Once reviewed and any necessary adjustments made, the budgets are presented publicly to the Board of Commissioners and public discussions begin. After the Board makes their final decisions, the completed budget is made available for the public. The required public hearings are advertised and, following the final hearing, the budget is formally adopted.

Unforeseen situations may arise during the year that may require budget amendments. Department heads may request line-item budget amendments be made by the Finance Department, provided the amendment does not increase or decrease the overall budget for that department. Any increase in departmental totals requires approval of the Board of Commissioners in an official meeting.

## **Economic Condition and Outlook**

White County lies approximately 60 miles north of the perimeter highway (highway 285) that circles Atlanta, Georgia. Bordering counties are Hall, Union, Lumpkin, Towns and Habersham. As Atlanta's growth moves northward, White County is on the fringes of development that's creating a demand for residential properties which will increase the demand for emergency services.

The County's economy is based largely on a mix of tourism, agriculture and residential construction. White County continues to recover from the 2008 downturn in construction, while the tourism side of the economy remains relatively steady. We are hopeful that the residential construction industry will soon rebound and growth will begin at a steady pace.

### **Major Initiatives and Accomplishments**

The development of the 1,000 acres, now known as Yonah Preserve into a tourist/recreational attraction in the County continues. Construction of a bridge with pedestrian walkways continues, along with plans of improvements to hiking trails.

In meeting compliance to federal mandates, upgrades were made to the County's emergency services equipment. Additional fire trucks, vehicles and fire equipment were purchased to meet demands of services.

Other accomplishments during the year include:

- White County's downtown Cleveland event park, Freedom Park, welcomes special events promoting tourism and agricultural events
- Phase I of the Appalachian Parkway (by-pass) opened in November 2015
- Construction of Phase II of the Appalachian Parkway (by-pass) began
- Additional wine tasting rooms opened around the County attracting tourists
- Yonah Vineyards, one of White County's several tasting rooms, opened a 10,000 square foot center known as Vineyard Ballroom, designated as White County's premier outdoor luxury venue in North Georgia
- Several new businesses have opened and more expected around the County indicating potential growth
- Established a salt barn at the Road Department to aid in the preparation for winter storms
- Urgent Care facility that opened in 2015 now under expansion renovations
- Established a weather siren at fire station 3 (EMA)
- Established and certified a volunteer debris removal team (EMA)
- Purchased a 60kw generator to aid departments during power outages (EMA)
- Equipped all six fire stations with generator power provided by the Georgia Forestry Commission (Fire)
- Converted a military fire truck into a wildlife fire apparatus
- Completed computer-aided dispatch upgrade and GIS improvements (E911)
- Completed Level I certification of all animal control personnel
- Continued to provide affordable spay and neuter clinics leading to an increased adoption rate

### **Relevant Financial Policies**

Management and staff continue to review the draft of the comprehensive financial policy, which will aid management with guidelines and procedures in standard operating procedures.

## **Awards and Acknowledgements**

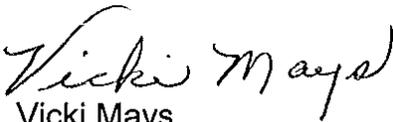

The Government Finance Officers Association of the United States and Canada (GFOA) has a program where counties and municipalities can submit their annual CAFR for review. If the report is found to meet all the required criteria of GAAP and applicable legal requirements, a Certificate of Achievement for Excellence in Financial Reporting will be awarded to the County. Having received this award for the last seven fiscal years, this report for fiscal year 2016 will be submitted with hopes of receiving this award in 2017. This is an annual award, and submission needs to be done in order to be received each year.

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the assistance of the entire finance office staff. We would also like to express our appreciation and thanks to the firm of Rushton and Company, LLC. Their firm's dedication to the highest standard of governmental accounting and auditing and strong support of the finance office staff throughout the year has been extremely beneficial.

Sincere appreciation to the various elected officials and county department directors for their assistance and positive attitude throughout the year in matters pertaining to the financial affairs of the County.

In closing, we'd like to thank the Board of Commissioners for their support and direction in conducting the financial affairs of the County in a responsible manner.

Respectfully submitted,

  
Vicki Mays  
Chief Financial Officer

  
Michael J. Melton  
County Manager

## Independent Auditor's Report

Honorable Chairman and Members  
of the Board of Commissioners  
White County, Georgia

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of White County, Georgia, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of White County Health Department, a component unit of White County, Georgia. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for White County Health Department, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of White County, Georgia, as of June 30, 2016, and the respective changes in the financial position and, where applicable, cash flows thereof, and the budgetary comparison of the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise White County, Georgia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, the statistical section and the state reporting section with the schedule of projects financed with special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

We also have previously audited, in accordance with auditing standards generally accepted in the United States, White County, Georgia's basic financial statements for the year ended June 30, 2015, which are not presented with the accompanying financial statements. In our report dated December 1, 2015, we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise White County's basic financial statements as a whole. The combining and individual fund financial statements and schedules related to the 2015 financial statements are presented for the purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules related to the 2015 financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the 2015 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2015 combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

#### **Other Reporting Required by *Governmental Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2016, on our consideration of White County, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering White County's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of White County, it is our pleasure to present this narrative discussion and analysis of White County's financial performance, providing an overview of the activities for the fiscal year ended June 30, 2016. The purpose of this narrative is to provide readers of financial statements with information that will help them make timely and meaningful financial decisions or draw conclusions about White County. As required by the Governmental Accounting Standards Board (GASB) Statement No. 34, this discussion and analysis provides comparisons with the previous year.

### Financial Highlights

- White County's assets exceeded its liabilities at June 30, 2016 by \$41,210,843 (reported as *net position*). Of this amount, \$2,288,493 (reported as *unrestricted net position*) may be used to meet the County's ongoing obligations.
- As of June 30, 2016, White County's governmental funds reported combined ending fund balances of \$5,278,666. The governmental funds reported a combined ending unassigned fund balance of \$1,886,021

More detailed information regarding these activities and funds begins on page 15.

### Overview of the Financial Statements

This discussion and analysis narrative is intended to serve as an introduction to White County's basic financial statements. White County's basic financial statements are composed of three elements: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required supplementary information in addition to our basic financial statements.

**Government-wide Financial Statements (Reporting the County as a whole).** The focus of the government-wide financial statements is on the overall financial position and activities of White County and is designed to provide readers with a broad overview of the County's financial activities in a manner similar to a private business enterprise.

The County's government-wide financial statements include the Statement of Net Position and the Statement of Activities. These two statements report information about White County using the accrual basis of accounting, which is similar to the accounting used by most private-sector businesses. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The purpose of the **Statement of Net Position** (pages 15-16) is to attempt to report all of the assets held and liabilities owed by the County. The County reports all of its assets when it acquires ownership over the assets and reports all of its liabilities when they are incurred. The difference between the total assets and total liabilities is labeled *net position*. Although the purpose of the County is not to accumulate net position, in general, as this amount increases it indicates that the financial position of the County is improving over time.

The **Statement of Activities** (page 17), on the other hand, presents the revenues and expenses of the County. Under the accrual basis of accounting mentioned earlier, revenues are recognized when earned and expenses when incurred in this statement. Thus, revenues are reported even when they may not be collected for several weeks after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period. The difference is described as *change in net position*. The Statement of Activities primary focus is on the *net cost* of various activities provided by the County and identifies the extent to which each function of the County draws from general revenues or is self-financing through fees, grants, or other sources.

In the Statement of Net Position and the Statement of Activities, we divide White County into three types of activities:

- **Governmental activities** – Most of the County’s basic services are reported under this category which includes: judicial, public safety, public works, and general administration. Taxes such as: property, sales, insurance premium and intangible finance most of these services.
- **Business-type activities** – The County charges fees to customers to assist in covering the cost for providing certain services. The County’s solid waste tipping fees are reported in this category.
- **Discretely Presented Component Unit** – A component unit is a legally separate organization for which the elected officials of the County are financially accountable. The Health Department, although legally separate, functions for all practical purposes as a department of White County, and therefore has been included as an integral part of the primary government.

The County’s government-wide financial statements are presented on pages 15-17.

### **Fund Financial Statements (Reporting the County’s Major Funds).**

The focus of fund financial statements is directed to specific activities of the County and its most significant funds, not the County as a whole. A fund is an entity with a self-balancing set of accounts that the County uses to track specific resources and expenditures, either for management purposes or because of legal mandates. In addition to the major funds, individual fund data for the County’s non-major funds can be found beginning on page 60. The County’s funds are divided into three broad categories – governmental, proprietary, and fiduciary – and use different prescribed accounting methodologies.

- **Governmental Funds** – These funds account for essentially the same functions reported as governmental activities in the government-wide financial statements; however, governmental fund financial statements

focus on the short-term view of the County's general government operations and the basic services it provides. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash.

Because the focus of the governmental fund financial statements is narrower than that of the government-wide financial statements and because of the different accounting methods used to prepare them, there are often significant differences between the totals presented in these financial statements. It is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. An analysis of the balance sheet and the statement of revenues, expenditures, and changes in fund balances that reconciles the two statements are provided following each statement.

White County maintains fourteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, 2008 SPLOST Fund, and 2014 SPLOST Fund, which are considered major funds. Data from the other eleven governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 60-63 of this report.

White County adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The County's basic governmental fund financial statements are presented on pages 18-24 of this report.

- **Proprietary Funds** – When the County charges customers for the services it provides, whether to outside customers or to other departments of the County, these services are generally reported in proprietary funds. These proprietary funds are prepared using the same accounting basis as the government-wide financial statements.

Enterprise fund statements report the same functions presented in the business-type activities columns of the government-wide financial statements. White County uses enterprise funds to account for its Solid Waste functions, as well as the Development Authority and the Industrial Building Authority.

The County's proprietary fund financial statements are presented on pages 25-27.

- **Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support White County’s own programs and services. The accounting used for fiduciary funds is much like that used for proprietary funds.

Fiduciary funds are presented in the fund financial statements but are not reported in the government-wide financial statements.

The County’s fiduciary fund financial statements are presented on page 28.

### **Notes to the Financial Statements.**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-59 of this report.

### **Other Supplementary Information.**

Other supplementary information includes combining financial statements for non-major governmental, proprietary, and fiduciary funds. These funds are added together by fund type and presented in single columns in the basic financial statements but are not reported individually, as with major funds, on the government-wide financial statements.

This report includes two schedules (pages 20 and 22) which reconciles the amounts reported on the governmental fund financial statements (modified accrual basis of accounting) with the governmental activities reported on the government-wide financial statements (accrual basis of accounting). The following summarizes the impact of transitioning from modified accrual to accrual accounting:

- Capital assets used in governmental activities on the government-wide statements are not reported on fund financial statements.
- Certain tax revenues that are earned, but not available, are reported as revenue on the government-wide statement but are reported as deferred inflows of resources on the fund statements.
- Unless due and payable, long-term liabilities, such as lease obligations, compensated absences, bonds and notes payable, and others only appear as liabilities in the government-wide statements.
- Capital outlay spending results in capital assets on the government-wide statements but is reported as expenditures on the governmental fund financial statements.
- Certain other outflows represent either increases or decreases in liabilities on the government-wide statements but are reported as expenditures on the governmental fund financial statements.

## Overview of the County's Financial Position and Operations

The County's overall financial position and operations for this fiscal year is summarized as follows based on the information included in the government-wide financial statements (see pages 15-17):

### White County Net Position (Financial Position) Fiscal Years 2016 and 2015

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015
Current assets	\$ 6,183,294	\$ 5,551,628	\$ 4,620,828	\$ 5,563,328	\$ 10,804,122	\$ 11,114,956
Capital assets	35,843,518	36,032,306	552,753	571,434	36,396,271	36,603,740
<b>Total assets</b>	<u>42,026,812</u>	<u>41,583,934</u>	<u>5,173,581</u>	<u>6,134,762</u>	<u>47,200,393</u>	<u>47,718,696</u>
Current liabilities	1,233,228	1,602,068	1,041,118	1,026,328	2,274,346	2,628,396
Noncurrent liabilities	112,182	116,842	3,603,022	4,581,157	3,715,204	4,697,999
<b>Total liabilities</b>	<u>1,345,410</u>	<u>1,718,910</u>	<u>4,644,140</u>	<u>5,607,485</u>	<u>5,989,550</u>	<u>7,326,395</u>
<b>Net position:</b>						
Net investment in capital assets	35,661,141	35,649,691	552,753	571,434	36,213,894	36,221,125
Restricted	2,708,456	3,030,648	0	0	2,708,456	3,030,648
Unrestricted	<u>2,311,805</u>	<u>1,184,685</u>	<u>(23,312)</u>	<u>(44,157)</u>	<u>2,288,493</u>	<u>1,140,528</u>
<b>Total net position</b>	<u>\$ 40,681,402</u>	<u>\$ 39,865,024</u>	<u>\$ 529,441</u>	<u>\$ 527,277</u>	<u>\$ 41,210,843</u>	<u>\$ 40,392,301</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Assets for White County exceeded liabilities by \$40,681,402 at the close of the fiscal year.

Approximately 87.9% of White County's net position is reflected in its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure), less any related debt outstanding that was needed to construct or acquire the assets. The County uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position comprises 6.6% of the total net position. This amount represents net position that is subject to external restrictions or enabling legislation on how they can be used.

Unrestricted net position, comprising the remaining 5.5%, represents resources that can be used to meet the County's ongoing obligations to citizens and creditors.

The following condensed financial information was derived from the government-wide Statement of Activities and reflects how White County's net position changed during the fiscal year.

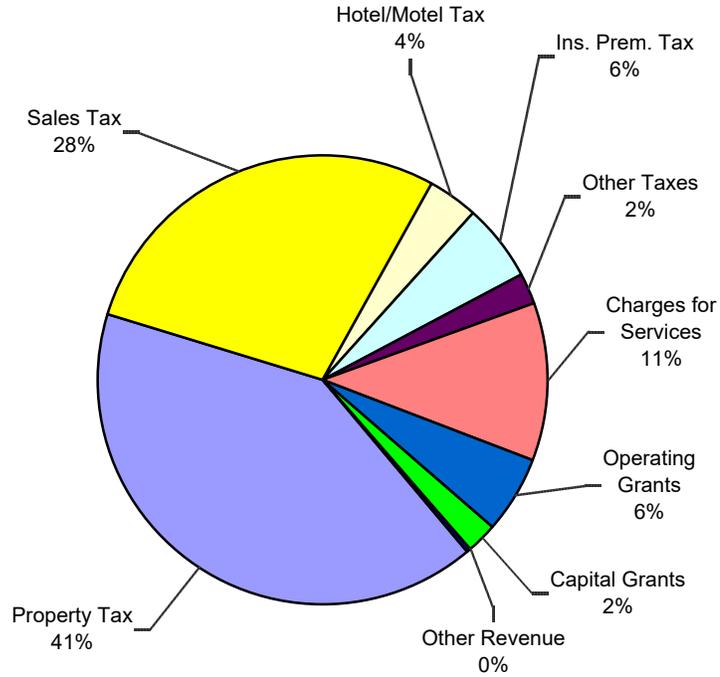

**White County  
Changes in Net Position  
For the Fiscal Years 2016 and 2015**

Revenues	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015

## Governmental Activities –

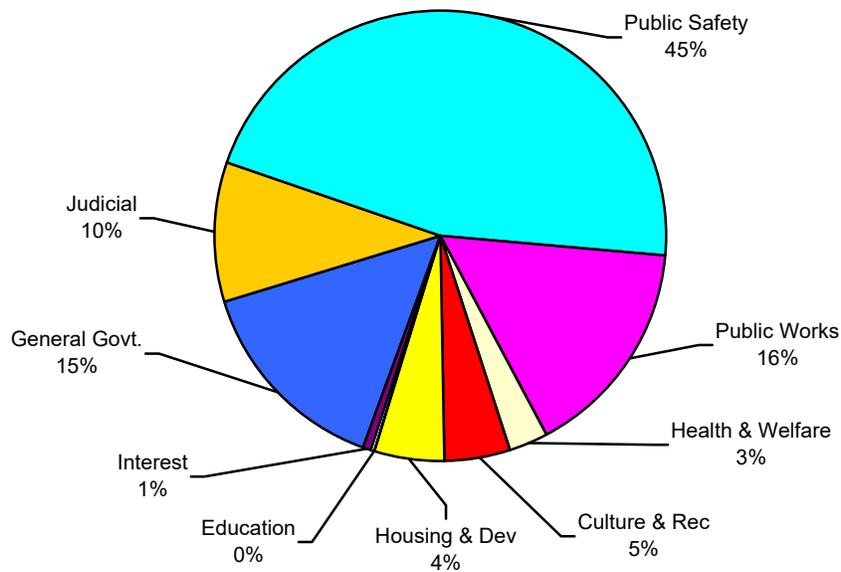

The following chart illustrates revenues of the governmental activities for the fiscal year:

**Revenues by Source – Governmental Activities  
Fiscal Year Ending June 30, 2016**

The following chart illustrates the expenses of the governmental activities for the fiscal year:

**Expenses – Governmental Activities  
Fiscal Year Ending June 30, 2016**

The revenue chart indicates that property tax, followed by sales tax, and charges for services were the three largest sources of revenue for governmental activities for fiscal year 2016. Total revenues of the governmental activities increased more than \$850,000. The largest cause of the increase was property tax revenues, which increased more than \$370,000. Sales tax revenues increased more than \$310,000. Charges for services increased more than \$210,000 due predominantly to an increase in forfeitures by the drug task force. Operating grants and contributions decreased by more than \$210,000 due to a drug task force receipt of funds from another task force in fiscal year 2015. All other revenues remained relatively similar when comparing to the prior year.

The expense chart indicates that the three most significant governmental activities expenses for White County during fiscal year 2016 were public safety services, such as fire, police protection, and other emergency services followed by public works and general government. Overall, governmental activities expenses remained similar to fiscal year 2015, reporting a decrease of just over \$70,000. Public works expenses show a decrease of over \$100,000 from fiscal year 2015 due mostly to decreased depreciation.

### **Business-Type Activities –**

Business-type activities did not contribute to a significant increase or decrease in White County's net position.

### **Financial Analysis of the County's Funds**

As noted earlier, White County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

- As the County completed this year, its governmental funds reported a combined ending fund balance of \$5,278,666. The governmental funds reported a combined unassigned fund balance of \$1,886,021. The remainder of fund balance is nonspendable, restricted, committed, or assigned for projects or for the fiscal year 2017 budget, and is not available for spending.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$4,346,390, while total fund balance reached \$5,051,737. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 30% of total General Fund expenditures, while total fund balance represents approximately 35% of that same amount.

Revenues from property taxes increased by approximately \$350,000, or 4%. Local option sales tax increased by approximately \$118,000, or 6%. Insurance premium tax increased by approximately \$80,000, or 7%. Charges for services increased by approximately \$66,000, or 8%, due mostly to an increase in Sheriff services. The County ended the fiscal year by decreasing fund balance of the General Fund by \$449,585, or approximately 8%. The decrease can be attributed to continued spending on capital items and an increase in personal services expenditures. By comparison, in fiscal year 2015, fund balance of the General Fund was decreased by 14%.

At the end of the current fiscal year, the 2008 SPLOST Capital Projects Fund had total fund balance of \$1,430,383, all of which is restricted for capital outlay. The cause for the decrease in fund balance for fiscal year 2016 was continued spending on capital projects while no longer receiving SPLOST revenues from this referendum.

At the end of the current fiscal year, the 2014 SPLOST Capital Projects Fund had a deficit equity balance of (\$2,460,369). This is due to the payment of services in anticipation of future SPLOST revenues.

### **General Fund Budget Highlights**

The original budget for the General Fund was amended by various appropriations approved after the beginning of the fiscal year. Budgeted expenditures in total increased from original to final budgets. As expected, the County experienced a slight increase in revenues from the prior fiscal year. The County ended the fiscal year with revenues only slightly down from budgeted expectations. Even with significant capital expenditure purchases, the County ended the fiscal year with fund balances that remained positive and expenditures less than amounts appropriated. Overall, the County received revenues in excess of expenditures.

**Proprietary Funds.** White County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Net position of the County's three proprietary funds totaled as follows:

▪ Solid Waste	\$ 535,783
▪ Industrial Building	\$ (18,486)
▪ Development Authority	\$ 12,144

The total increase in net position for all three funds was \$2,164. Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

### **Capital Assets and Debt Administration**

**Capital Assets.** White County has invested \$36,396,271 in capital assets (net of accumulated depreciation). Approximately 98% of this investment is related to governmental activities and includes land, construction in progress, buildings, land improvements, machinery and equipment, furniture and fixtures, vehicles, and infrastructure.

Capital assets held by the County at the end of the fiscal year are summarized as follows:

**White County**  
**Capital Assets (net of accumulated depreciation)**  
**Fiscal Years 2016 and 2015**

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015
Land	\$ 4,700,976	\$ 4,700,976	\$ 84,361	\$ 84,361	\$ 4,785,337	\$ 4,785,337

<b>Total</b>	<b>92,506,836</b>	<b>91,077,003</b>	<b>879,654</b>	<b>879,654</b>	<b>93,386,490</b>	<b>91,956,657</b>
Accumulated Depreciation	(56,663,318)	(55,044,697)	(326,901)	(308,220)	(56,990,219)	(55,352,917)
<b>Net Capital Assets</b>	<b>\$ 35,843,518</b>	<b>\$ 36,032,306</b>	<b>\$ 552,753</b>	<b>\$ 571,434</b>	<b>\$ 36,396,271</b>	<b>\$ 36,603,740</b>

The County elected to implement the general provisions of GASB Statement 34 during fiscal year 2003 and fully implemented the retroactive infrastructure provisions in the fiscal year ending June 30, 2007.

Major capital asset expenditures during the current fiscal year for governmental activities included the following:

- Computer Aided Dispatch System upgrade and GIS improvements completed
- Investments in machinery, equipment, and vehicles throughout the County in public safety departments
- A salt barn was established at the Road Department to aide in preparation of winter storms
- All six fire stations were equipped with generator power provided by the Georgia Forestry Commission
- A weather siren was established at Fire Station 3
- Continued resurfacing of County roads
- Restored windows in the Historic Courthouse

Additional information on the County's capital assets can be found in Note 9 to the financial statements on pages 49-50 of this report.

**Long-term Debt.** On June 30, 2016, White County had total capital lease debt outstanding in the amount of \$10,058. The County's capital lease obligation decreased 75% during fiscal year 2016. On June 30, 2016, White County had revenue bonds payable with a balance outstanding of \$4,020,000. During fiscal year 2016, payments totaling \$935,000 were made and no new bonds were issued. Additional information on the County's long-term debt can be found in Note 11 to the financial statements on pages 52-53 of this report.

### **Economic Condition and Outlook**

White County continues to fair well while still recovering from the weakened economy that we've experienced over the past few years. Several factors were considered during preparation of the budget for fiscal year 2017, including the following:

- Possible increases or decreases in revenues, particularly property, sales, and hotel/motel taxes
- Fluctuations in the price of fuel due to market instability.
- Plans for future capital improvements
- Unforeseen natural disasters, such as tornados, storms, etc.
- Capital outlay requirements for vehicles, equipment and program expansions to improve public services to the community

### **Contacting the County's Financial Services Department**

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of White County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed as follows:

**RECONCILIATION OF THE BALANCE SHEET OF**  
**GOVERNMENTAL FUNDS TO THE**  
**STATEMENT OF NET POSITION**  
*June 30, 2016*

**Total fund balance - total governmental funds** \$ 5,278,666

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets of \$92,506,836, net of accumulated depreciation of (\$56,663,318), are not financial resources and, therefore, are not reported in the funds. 35,843,518

Long-term assets (receivables) are not available to pay current period expenditures and, therefore, are reported as unavailable revenue in the funds. These are property taxes. 18,002

Long-term liabilities are not due and payable in the current period and are not reported in the funds. These are capital leases payable of (\$10,058) and compensated absences of (\$448,726). (458,784)

Net position of governmental activities \$ 40,681,402

**RECONCILIATION OF THE STATEMENT OF**  
**REVENUES, EXPENDITURES, AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS**  
**TO THE STATEMENT OF ACTIVITIES**  
*For the fiscal year ended June 30, 2016*

<b>Net change in fund balances - total governmental funds</b>	\$	988,649
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation of (\$2,195,309) exceeded capital outlays of \$1,912,228 in the current period.		(283,081)
Contributions of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.		96,897
In the statement of activities, gains and losses on the sales of assets are reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. The change in net position differs from the change in fund balances by the cost of the assets disposed (\$579,292), net of related accumulated depreciation of \$576,688.		(2,604)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. These include recognition of unavailable property taxes.		8,574
The proceeds of debt issuance provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which debt repayments of \$29,534 exceed proceeds of (\$0).		29,534
Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. These include the net increase in compensated absences.		(21,591)

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**1. Description of Government Unit**

White County, Georgia (the County) is located in the foothills of the Georgia mountains about seventy-five miles northeast of Atlanta.

The County provides a full range of governmental services, including public safety, health and welfare services, recreational programs, public works, and solid waste services.

The County is governed by a five man board of commissioners, the Chairman being elected at large and the four district commissioners elected by their respective districts.

**2. Summary of Significant Accounting Policies**

**A. Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

**B. Reporting Entity**

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of White County (the primary government) and material component units. The component units discussed below are included in the County's reporting entity because of the significance of its operational and financial relationship with the County.

In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, the financial statements of component units have been included either as blended or discretely presented component units.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**B. Reporting Entity, continued**

Blended Component Units – Blended component units, although legally separate entities, are, in substance, part of the Government's operations.

White County Industrial Building Authority – The Authority exists to acquire, develop land and provide debt issuance for the promotion of business expansion in White County. The activities of the authority have been to provide for a conduit for the sale of land in an industrial park, issue debt and all services have benefited White County. The major assets and liabilities are a debt issuance and receivable from the County for a capital project of the County. There is no other current year activity. The operations of the Authority are reported as the Industrial Building Authority Enterprise Fund since all services benefit White County. Separate financial statements are not issued.

White County Development Authority – The Authority exists to promote business development in White County. White County appoints the majority of the governing board and the Development Authority receives the majority of its funding from commissions on the sale of lots by the Industrial Building Authority. The activities of the Authority have been to promote and market the sale of lots in an industrial park of the county for the above mentioned White County Industrial Building Authority. However, there has been no significant activity since 2004. The operations of the Authority are reported as the Development Authority Enterprise Fund since all services benefit White County. Separate financial statements are not issued.

Discretely Presented Component Units – Discretely presented component units are reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**B. Reporting Entity, continued**

White County Health Department – The White County Health Department was established as a legally separate entity and operates pursuant to the Georgia Health Code 88-2, Georgia Laws 1964. The District Health Director is the Executive Officer of the White County Health Department and is responsible for the overall coordination of the local health activities. White County appoints members to the White County Health Department Board. The White County Health Department is funded by the State and County under the Grant-in-Aid provisions, and operated under the supervision of the local Board of Health. A copy of the White County Health Department financial statements can be obtained from District 2, Public Health, 1280 Athens Street, Gainesville, GA 30507.

**C. Basis of Presentation – Government-wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the government has three discretely presented component units. While they are not considered to be major component units, they are nevertheless aggregated and shown in a separate column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**D. Basis of Presentation – Fund Financial Statements**

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

**General Fund** - The general operating fund of the County is used to account for all financial resources except those required to be accounted for in another fund.

**2008 Special Purpose Local Option Sales Tax Capital Projects Fund** - This fund is used to account for financial resources to be used for the acquisition or construction of capital facilities financed by special purpose local option sales taxes.

**2014 Special Purpose Local Option Sales Tax Capital Projects Fund** - This fund is used to account for financial resources to be used for the acquisition or construction of capital facilities financed by special purpose local option sales taxes.

The County reports the following major proprietary funds:

**Solid Waste Enterprise Fund** - This fund is used to account for activities connected with the disposal of residential and commercial solid waste at the County's solid waste transfer station.

**Industrial Building Enterprise Fund** - This fund is used to account for activities of the White County Industrial Building Authority, which exists to acquire and develop land for the promotion of business expansion in the County.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**D. Basis of Presentation – Fund Financial Statements, continued**

***Development Authority Enterprise Fund*** - This fund is used to account for activities of the White County Development Authority, which exists to promote business development in the County.

Additionally, the County reports the following fund types:

**Governmental Fund Types**

***Special Revenue Funds*** - This fund type is used to account for the proceeds of specific revenue sources that are legally or donor restricted to expenditure for specified purposes.

***Capital Projects Funds*** - Funds are used to account for financial resources to be used for the acquisition or construction of specifically planned projects (other than those financed by proprietary funds).

**Fiduciary Fund Types**

***Agency Funds*** - Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that are held either for the County or for others.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**D. Basis of Presentation – Fund Financial Statements, continued**

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

**E. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**E. Measurement Focus and Basis of Accounting, continued**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**E. Measurement Focus and Basis of Accounting, continued**

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

**F. Revenues and Expenditures/Expenses**

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Solid Waste, Industrial Building, and Development Authority Enterprise Funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal services funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**G. Budgetary Information**

The Board of Commissioners adopts an annual budget for all governmental fund types, prior to July 1, except for the Capital Projects Funds. The Capital Projects Funds are budgeted by the Board of Commissioners when capital projects are approved. The operating budget includes proposed expenditures and the means of financing them. The budget is legally enacted at a public meeting.

Each year in January, the County Manager and the Finance Director begin preparation of the proposed budget for the upcoming fiscal year. Using budget worksheets sent to the departments, the department managers complete the sheets and return to Finance in March. After the proposed budget is prepared, it is presented to the Board of Commissioners for consideration. Public hearings are held to discuss the proposed budget and to obtain input from the citizens of White County.

The level of legal budgetary control (the level at which expenditures may not exceed appropriations) is the department level. Any changes in total departmental expenditures/expenses, personnel benefits, or capital purchases must be approved by the Board of Commissioners.

Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) at the legal level of budgetary control which is the department, sub-department, or project level. Expenditures may not exceed the appropriations within a fund. Budgets, as reported in the financial statements, are as originally passed by ordinance and subsequently amended. During the year, several supplementary appropriations are made as needed. The results are increases and decreases to the appropriations within the funds. All annual appropriations lapse at year end. The County does not use the encumbrance system of accounting.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**H. Cash and Investments**

Cash and equivalents, as reported in the statement of cash flows, includes amounts in demand deposits, amounts with fiscal agents, and investments with an original maturity at three months or less. Investments are reported at fair value with accrued interest shown under a separate caption on the balance sheet. Reinvested interest on certain debt service and capital projects investments is included in the investment accounts.

**I. Intergovernmental Receivables**

Receivables from state, federal, and local governments are recorded as revenue for the period of the allocation or as earned based on expenditures made for which reimbursement is due.

**J. Inventories**

Inventories are valued at cost on the first-in, first-out method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

**K. Prepaids**

Payments made to vendors for services that will benefit periods beyond June 30, 2016, are recorded as prepaids. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased.

**L. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
*June 30, 2016*

**2. Summary of Significant Accounting Policies (continued)**

**L. Capital Assets, continued**

GASB Statement No. 34 required the County to report and depreciate new infrastructure assets effective with the fiscal year ended June 30, 2003. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are among the largest asset classes of the County. Neither their historical costs nor related depreciation has historically been reported in the financial statements. For the fiscal year ended June 30, 2007, the County implemented the requirements for retroactive reporting of major general infrastructure assets.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are reported at acquisition value.

Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets ranging as follows:

	<b>Useful Life in Years</b>	<b>Capitalization Threshold</b>
Land	N/A	\$ 1
Land Improvements	15	\$ 1
Buildings	40	\$ 2,000
Machinery and Equipment	5-10	\$ 2,000
Furniture and Fixtures	5	\$ 2,000
Vehicles	5-10	\$ 2,000
Computer Software	3-5	\$ 2,000
Infrastructure	15-50	\$ 50,000- \$ 150,000

The costs of normal maintenance and repairs that do not add value or materiality extend the life of the asset are charged to operations as incurred. Costs of major additions and improvements are capitalized.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**M. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**N. Net Position Flow Assumption**

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**O. Fund Balance Flow Assumption**

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**P. Restricted Assets and Restricted Net Position**

Restricted assets represent certain resources restricted by funding source or required to be set aside for the repayment of debt. They are maintained in a separate bank account and their use is limited.

Restricted net position is equal to the excess of the restricted assets funded from operations over the liabilities to be paid with restricted assets which are due in one year or less. Restricted assets exclude bond proceeds for calculation of restricted net position.

**Q. Fund Balances – Governmental Funds**

White County implemented GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, in fiscal year 2011. In the fund financial statements, governmental funds report the following classifications of fund balance:

**Nonspendable** – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. All amounts reported as nonspendable at June 30, 2016 by the County are nonspendable in form. The County has not reported any amounts that are legally or contractually required to be maintained intact.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**Q. Fund Balances – Governmental Funds, continued**

**Restricted** – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

**Committed** – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Commissioners, the County's highest level of decision making authority, which include the language "committed for the purpose of". Commitments may be modified or rescinded only through adoption of a subsequent resolution, which shall refer to the original resolution by its number.

**Assigned** - consists of amounts that are intended to be used by the County for a specific purpose, but do not meet the definition of restricted or committed fund balance. Intent can only be expressed by the Board of Commissioners or their designee. Assigned Fund Balance differs from Committed Fund Balance in that assignments do not require a resolution. An assignment of fund balance requires the majority vote of the Board; however, the Board has authorized the County Manager or the Chief Financial Officer to automatically assign fund balance in the following situations:

- a. If upon passage of a budget resolution, any fund balance used to balance a future budget, the amount used will be automatically recorded as Assigned Fund Balance.
- b. If any unspent funds for an ongoing capital project or donations for a specific purpose remain at fiscal year-end, these funds will be automatically recorded as Assigned Fund Balance until the project is complete or the donation has been spent for its intended purpose.
- c. Equity amounts reported in special revenue funds, capital project funds, debt service funds, or permanent funds not otherwise classified as nonspendable, restricted, or committed shall constitute assignments of fund balance.

The County Manager has determined that all equity amounts reported in special revenue funds, capital project funds, debt service funds, or permanent funds not otherwise classified as nonspendable, restricted, or committed shall constitute assignments of fund balance.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
*June 30, 2016*

**2. Summary of Significant Accounting Policies (continued)**

**Q. Fund Balances – Governmental Funds, continued**

**Unassigned** – includes amounts that do not fall into one of the above four categories. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The General Fund is the only fund that should report this category of fund balance.

For the purposes of fund balance classification, the County considers restricted amounts spent first when an expenditure is incurred for which both restricted and unrestricted fund balance is available. Furthermore, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance can be used, then committed amounts are spent first, followed by assigned amounts, and then unassigned amounts.

**R. Compensation for Future Absences**

It is the County's policy to permit employees to accumulate earned but unused leave benefits which will be paid to the employees upon separation from County service. Accumulated unpaid leave pay amounts are accrued when incurred by the County in the government-wide, proprietary, and fiduciary fund financial statements. The liability of the proprietary funds is recorded as an expense and a liability of those funds as the benefits accrue to the employees. In governmental fund types, a liability is recorded only if the benefit has matured and is expected to be liquidated with expendable available financial resources.

**S. Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**2. Summary of Significant Accounting Policies (continued)**

**S. Long-Term Obligations, continued**

In the fund financial statements, governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financial sources while discounts on debt issuances are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

**T. Capital Contributions**

Federal, state and local government assistance in the form of grants that are permanent in nature and restricted for the construction or acquisition of specific property and equipment is recorded as an asset and as non-operating revenue.

**U. Comparative Data and Reclassifications**

Comparative total data of the prior period has been presented in the accompanying individual fund financial statements in order to provide an understanding of changes in the County's financial position and operations. Certain 2015 amounts have been reclassified to conform to the 2016 presentation.

**3. Deposit and Investment Risk**

**Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned. The County has no formal policy, but follows the State of Georgia requirement that all deposits be federally insured or fully collateralized.

**Interest Rate Risk**

The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
*June 30, 2016*

**3. Deposit and Investment Risk (continued)**

**Credit Risk**

State of Georgia law limits investments to include certificates of deposit, repurchase agreements, direct and agency obligations of the United States, obligations of any corporation of the United States government, obligations of the State of Georgia or other states, obligations of other political subdivisions of the State of Georgia, and pooled investment programs of the State of Georgia. The County has no investment policy that would further limit its investment choices.

**Concentration of Credit Risk**

The County has no formal policy on the amount the County may invest in any one issuer.

**Foreign currency risk**

The County has no investments denominated in a foreign currency.

**4. Accounts Receivable**

Net accounts receivable at June 30, 2016 consist of the following:

**Primary Government:**

**Major Funds**

General Fund	\$ 8,181
Solid Waste Enterprise Fund	5,028

**Nonmajor Funds**

Special Revenue Funds	
Drug Task Force	70
Emergency 911	103,962

Total primary government	<u>\$ 117,241</u>
--------------------------	-------------------

**Component Unit**

White County Health Department	<u>\$ 2,133</u>
--------------------------------	-----------------

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**5. Intergovernmental Receivables**

Intergovernmental receivables at June 30, 2016 consist of the following:

**Primary Government:**

**Major Funds**

General Fund		
City of Cleveland	\$ 292	
Legacy Link	11,536	
T&T Transportation	9,796	
White County Board of Education	30,823	
White County Health Department	<u>1,770</u>	\$ 54,217

**Nonmajor Funds**

Jail Special Revenue Fund		
City of Cleveland		450
Drug Education Special Revenue Fund		
City of Cleveland	190	
City of Helen	<u>1,631</u>	1,821
Drug Task Force Special Revenue Fund		
Criminal Justice Coordinating Council		103,615
Grants Special Revenue Fund		
Georgia Emergency Management Agency		<u>46,596</u>
Total		<u><u>\$ 206,699</u></u>

**Component Unit**

White County Health Department		
Georgia Department of Public Health		<u><u>\$ 4,017</u></u>

**6. Property Taxes**

Property tax rates are set by the Board of Commissioners each year and are limited by statutory or constitutional provision. Property values are assessed as of January 1<sup>st</sup> each year. Property taxes for digest year 2015, based upon the assessments as of January 1, 2015, were levied on August 14, 2015, billed on August 26, 2015, and due on November 15, 2015. Tax liens may be issued 90 days after the due date.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**7. Interfund Receivables and Payables**

A summary of interfund receivables and payables as of June 30, 2016 is as follows:

	Receivable Fund:			
	Major Funds		Nonmajor Funds	
	General	Industrial Building	Governmental	Total
<b>Payable Fund:</b>				
<b>Major Funds</b>				
General	\$ 0	\$ 0	\$ 44,761	\$ 44,761
2014 SPLOST	462	4,019,802	0	4,020,264
<b>Nonmajor Funds</b>				
Governmental	73,491	0	0	73,491
<b>Total</b>	<b>\$ 73,953</b>	<b>\$ 4,019,802</b>	<b>\$ 44,761</b>	<b>\$ 4,138,516</b>

The balances reported as Due to/Due from represent loans between the borrower funds and the General Fund. These balances resulted from the time lag between the dates that transactions are recorded in the accounting system and payments between the funds are made. The \$4,019,802 is reported in the Industrial Building Fund as an advance to other fund and as an advance from other fund in the 2014 SPLOST Fund; this balance is not expected to be repaid within one year. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**8. Interfund Transfers**

A summary of interfund transfers as of June 30, 2016 is as follows:

	Transfer In Fund:		
	Nonmajor		Total
	Major Funds	Funds	
	General	Governmental	Total
<b>Transfer Out Fund:</b>			
<b>Major Funds</b>			
General	\$ 0	\$ 595,045	\$ 595,045
<b>Nonmajor Funds</b>			
Governmental	127,305	0	127,305
<b>Total</b>	<b>\$ 127,305</b>	<b>\$ 595,045</b>	<b>\$ 722,350</b>

Interfund transfers are used to 1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, and 2) use unrestricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Transfers are eliminated in the government-wide financial statements if the interfund transfer is within the governmental fund group or business-type fund group.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**9. Capital Assets**

Capital asset activity for the primary government for the year ended June 30, 2016 was as follows:

-------------	------------------

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
*June 30, 2016*

**10. Capital and Operating Lease Agreements**

The County has entered into an agreement for the lease of certain equipment. The terms of the agreement meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, which defines a capital lease generally as one which transfers benefits and risk of ownership to the lessee. The principal balance of the lease at June 30, 2016 is \$10,058 for governmental activities. Total assets leased under the capital lease are machinery and equipment in the amount \$472,420 for governmental activities. The equipment has a ten-year estimated useful life. \$47,242 was included in depreciation expense for the fiscal year ended June 30, 2016.

The following is a schedule of the future minimum lease payments together with the present value of the net minimum lease payments as of June 30, 2016:

<b>Year Ending June 30,</b>	<b>Governmental activities</b>
2017	\$ 10,125
Less amounts representing interest	(67)
Present value of minimum lease payments	\$ 10,058

The County's lease agreements, other than such agreements described above, are relatively minor commitments and are in compliance with state law.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**11. Long-Term Debt**

**Revenue Bonds**

Revenue bonds have been issued for business-type activities and are comprised of the following individual issue at June 30, 2016:

- \$9,085,000 - Industrial Building Authority Revenue Bonds Series 2010 - bonds due in annual principal payments on January 1 with semi-annual interest payments (2.00% - 3.25%) due on January 1 and July 1. The bonds were used for the construction of the White County Detention Center. The principal balance of the bonds at June 30, 2016 is \$4,020,000. The bonds are secured by a 1% special purpose local sales tax approved by the voters and then from the levy of an ad valorem tax. Sales tax in the amount of \$1,072,356 was disbursed for principal and interest on the bonds.

Annual debt service requirements to maturity for revenue bonds are as follows:

<b>Year Ending June 30,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2017	\$ 960,000	\$ 124,500	\$ 1,084,500
2018	990,000	95,700	1,085,700
2019	1,020,000	66,000	1,086,000
2020	1,050,000	34,125	1,084,125
Totals	<u>\$ 4,020,000</u>	<u>\$ 320,325</u>	<u>\$ 4,340,325</u>

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**11. Long-Term Debt (continued)**

**Changes in Long - Term Debt**

The following is a summary of changes in long-term debt of the County for the fiscal year ending June 30, 2016:

	<u>Balance 6/30/15</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance 6/30/16</u>	<u>Due Within One Year</u>
<b>Governmental activities</b>					
Capital lease obligations	\$ 39,592	\$ 0	\$ 29,534	\$ 10,058	\$ 10,058
Compensated absences	427,135	448,726	427,135	448,726	336,544
Total governmental activities	<u>\$ 466,727</u>	<u>\$ 448,726</u>	<u>\$ 456,669</u>	<u>\$ 458,784</u>	<u>\$ 346,602</u>
<b>Business-type activities</b>					
Revenue bonds	\$ 4,955,000	\$ 0	\$ 935,000	\$ 4,020,000	\$ 960,000
Unamortized bond premium	23,514	0	5,225	18,289	0
Landfill post-closure care costs	551,733	0	13,500	538,233	13,500
	<u>\$ 5,530,247</u>	<u>\$ 0</u>	<u>\$ 953,725</u>	<u>\$ 4,576,522</u>	<u>\$ 973,500</u>
<b>Component Unit</b>					
Compensated absences	<u>\$ 45,959</u>	<u>\$ 35,336</u>	<u>\$ 28,694</u>	<u>\$ 52,601</u>	<u>\$ 41,281</u>

Revenue bond discounts/premiums are amortized over the life of the related debt using the straight-line method. In prior years, long-term liabilities, such as compensated absences, of the governmental activities were liquidated in the General Fund. The landfill post-closure care costs are paid for by the Solid Waste Fund. The total interest incurred and charged to expense for the fiscal year ended June 30, 2016 was \$834 for governmental activities and \$137,356 for business-type activities.

**12. Landfill Post-Closure Care Costs**

The County closed its solid waste landfill in fiscal year 1999. State and federal laws and regulations require the County to perform certain maintenance and monitoring operations at the landfill site for 30 years after official closure; the County has 15 years remaining. The estimated cost of all post closure care activities of \$538,233 is reported in the Solid Waste Enterprise Fund. Because of future changes in technology, laws, or regulations, these costs may change.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**13. Restricted, Committed, and Assigned Fund Balances**

The following is a summary of restricted, committed, and assigned fund balances of the governmental funds for fiscal year ended June 30, 2016:

	<u>General</u>	<u>2008 SPLOST</u>	<u>Nonmajor Governmental Funds</u>	<u>Total Governmental Funds</u>
<b>Restricted for:</b>

Subsequent Year's Budget	592,099	0	0	592,099
	<u>\$ 592,099</u>	<u>\$ 0</u>	<u>\$ 67,238</u>	<u>\$ 659,337</u>

**14. Deficit Equity Balances**

At June 30, 2016, the 2014 SPLOST Capital Projects Fund has a deficit fund balance of \$2,460,369. This is due to the payment of services in anticipation of future SPLOST revenues. The County plans to liquidate this deficit fund balance through future revenue recognition.

At June 30, 2016, the Industrial Building Enterprise Fund has a deficit net position of \$18,486. This is due to unamortized bond premiums that have not been recognized. The County plans to liquidate this deficit net position through future revenue recognition.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**15. Net Investment in Capital Assets**

The net investment in capital assets reported on the government-wide statement of net position is calculated as follows for the fiscal year ended June 30, 2016:

	Governmental Activities	Business-Type Activities
Cost of capital assets	\$ 92,506,836	\$ 879,654
Accumulated depreciation	(56,663,318)	(326,901)
Book value	35,843,518	552,753
Capital-related accounts payable	(109,748)	0
Retainage payable	(62,571)	0
Capital lease payable	(10,058)	0
Net investment in capital assets	<u>\$ 35,661,141</u>	<u>\$ 552,753</u>

**16. Retirement Plans**

**County Defined Contribution Plan**

The County provides retirement benefits for its employees through a deferred compensation, defined contribution plan. The Plan was created under Internal Revenue Code Sections 457 and 401(a), and is administered by the Variable Annuity Life Insurance Company (VALIC), an independent third party. Under the terms of the Plan, employees may defer a portion of their salary through voluntary contributions to the Plan. Employees may defer a maximum of \$15,500 per year. After completing one year of service, the County will contribute 4% of the employee's salary per year. After the second year of service, The County will begin contributing an additional match of ½% for each 1% voluntarily contributed by employee.

There is a cap of 3% for this additional match and an overall cap of \$2,200 for County contributions. Funds are vested 100% at the time of contribution. Amounts held in the Plan are not available to the employees until termination, retirement, death, or unforeseeable emergency. During the fiscal year, the County contributed \$360,443 to the Plan, based on covered salaries of \$5,848,327. Total payroll was \$7,984,536. Plan members made voluntary contributions of \$353,511.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**16. Retirement Plans (continued)**

**County Defined Contribution Plan, continued**

The County has no fiduciary relationship with the plan, and plan assets are not available to the County or its general creditors. The Plan assets are held in trust by the administrator for the exclusive benefit of the participants of the Plan. The County Commission provides for the funding policy through a County ordinance and maintains the authority to change the policy. Separate financial statements are not issued for the Plan.

**Other County Plans**

In addition to the plan above, various County employees are covered under the following plans: Georgia Firefighters' Pension Fund, Georgia State Employees' Retirement System (ERS), Magistrates' Retirement Fund of Georgia, Peace Officers' Annuity and Benefit Fund of Georgia, Probate Judges' Retirement Fund of Georgia, Sheriffs' Retirement Fund of Georgia, and Superior Court Clerks' Retirement Fund of Georgia. Further information regarding these plans can be obtained from the plans' annual reports.

**White County Health Department Retirement Plan**

Eligible employees of the White County Health Department participate in the Georgia State Employees' Retirement System (ERS), a statewide multiple-employer public employee retirement system. During the fiscal year ended June 30, 2016, the Department contributed \$69,669 and employees contributed \$4,331. As of June 30, 2016, the Department reported a liability in the amount of \$503,184 for its proportionate share (0.011443%) of the net pension liability. The Department recognized pension expense of \$69,669 for the fiscal year ended June 30, 2016. Further information regarding the plan can be obtained from Department's annual audit report by contacting District 2 Public Health, 1280 Athens Street, Gainesville, Georgia 30507.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**17. Hotel/Motel Lodging Tax**

The County has levied an 8% lodging tax in accordance with OCGA 48-13-51. A summary of the transactions for the fiscal year ended June 30, 2016 follows:

Lodging Tax Receipts	\$ 758,647
Disbursements for trade and tourism	\$ 497,522 66% of tax receipts
Disbursements for tourism product development	\$ 58,545

**18. Joint Ventures**

Under Georgia law, the County, in conjunction with other cities and counties in the northeast Georgia area, is a member of the Georgia Mountains Regional Commission (GMRC) and is required to pay annual dues thereto. During the fiscal year ended June 30, 2016, the County paid \$25,936 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official in each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. A copy of the GMRC financial statements can be obtained from GMRC, 1310 West Ridge Road, Gainesville, Georgia 30501.

The County is a part of a venture with the Counties in the Enotah Judicial Circuit for the establishment of a Drug Court to oversee the rehabilitation of minor drug offenders rather than sentencing them to a prison term. During the fiscal year ended June 30, 2016, the County paid \$47,500 to Union County from the Drug Education Special Revenue Fund for participation. The Counties in the Enotah Judicial Circuit are liable for any debts or obligations of the Drug Court. A copy of the Drug Court financial statements can be obtained from Union County Commissioner, 65 Courthouse Street, Blairsville, Georgia 30512.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**19. Risk Financing Activities**

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other municipalities in the state as part of the Association of County Commissioners of Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association of County Commissioners of Georgia Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments. As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss.

The County is also to allow the pool's agent and attorneys to represent the County in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds. The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against the members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense. Settled claims in the past three years have not exceeded the coverage. Management estimates liabilities for unpaid claims based on the probability of losses exceeding the occurrence limits and the reasonableness of estimating those losses. At June 30, 2016, the County has no losses that are probable or estimable and accordingly has not recognized any liability.

Material estimates have been made by management about the historical cost of capital assets and the life of the depreciated capital assets. Management has used a conservative approach on these estimates.

**WHITE COUNTY, GEORGIA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2016**

**20. Contingencies**

White County participates in a number of Revenue Sharing Grants. Expenditures financed by Revenue Sharing Grants are subject to a compliance audit by the grantor or its representative. If expenditures are disallowed due to noncompliance with program regulations, the County may be required to reimburse the grantor government. The County believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual funds or the overall financial position of the County.

The County is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the County.

**21. Nonexchange Financial Guarantee**

The County entered into an environmental facilities agreement with the White County Water and Sewerage Authority dated April 5, 2011. The agreement stated if the Authority is unable to pay the principal and interest on its promissory note payable to the Georgia Environmental Facilities Authority, the County will pay to the Authority the amount of such insufficiency. The note requires monthly payments of principal through January 1, 2035, with interest at 0.00%. As of June 30, 2016, the outstanding principal balance of the note payable is \$1,672,007. The agreement will remain in effect until such time as the note has been paid in full, but in no event shall the term exceed fifty years. The County has not made any payments on the note and does not anticipate future payments on the note.

## ***SPECIAL REVENUE FUNDS***

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally or donor restricted to expenditure for specified purposes.

Jail Fund – This fund is used to account for fines and fees received restricted for the maintenance of the County Jail.

Inmate Welfare Fund – This fund is used to account for receipts from commissary sales restricted for use of the benefit of inmates in the County Jail.

Drug Education Fund – This fund is used to account for fines and fees received restricted for drug education programs in the County.

Drug Task Force Fund – This fund is used to account for local and federal monies restricted for the Appalachian Drug Task Force.

Juvenile Supervision Fund – This fund is used to account for fines and fees received restricted for juvenile programs in the justice system.

Hotel/Motel Tax Fund – This fund is used to account for Hotel/Motel tax collections that are restricted for tourism in White County.

Enotah Judicial Circuit Fund – This fund is used to account for local, state, and federal monies restricted for the operations of the Enotah Judicial Circuit.

Emergency 911 Fund – This fund is used to account for the County's share of telephone fees restricted for the operation of the 911 emergency system.

Confiscated Assets Fund – This fund is used to account for the cash or property received from drug confiscations restricted for law enforcement.

Law Library Fund – This fund is used to account for the fines and forfeitures received that are restricted for providing a County Law Library.

Grants Fund – This fund is used to account for grants received restricted for special purposes.

## ***ENTERPRISE FUNDS***

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The funds are self-supporting in nature where the costs, including depreciation, of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Solid Waste Fund – This fund is used to account for activities connected with the disposal of residential and commercial solid waste at the County's solid waste transfer station.

Industrial Building Fund – This fund is used to account for the activities of the White County Industrial Building Authority, which exists to acquire and develop land for the promotion of business expansion in the County.

Development Authority Fund – This fund is used to account for the activities of the White County Development Authority, which exists to promote business development in the County.

## Statistical Section

This page intentionally left blank.

**WHITE COUNTY, GEORGIA**  
**INTRODUCTION TO THE STATISTICAL SECTION**  
**(UNAUDITED)**

This part of White County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and supplementary information reveals about the County's overall financial health.

**Financial Trends**

*These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.*

	<u><b>Exhibit</b></u>
Net Position by Component	H-1
Changes in Net Position	H-2
Governmental Activities Tax Revenues by Source	H-3
Fund Balances of Governmental Funds	H-4
Changes in Fund Balances of Governmental Funds	H-5
General Government Tax Revenues by Source	H-6

**Revenue Capacity**

*These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax and another significant local revenue source, sales tax.*

Assessed Value and Estimated Actual Value of Taxable Property	H-7
Property Tax Rates (Direct and Overlapping Governments)	H-8
Principal Taxpayers	H-9
Property Tax Levies and Collections	H-10

**Debt Capacity**

*These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future*

Ratios of Outstanding Debt by Type	H-11
Direct and Overlapping Governmental Activities Debt	H-12
Legal Debt Margin Information	H-13

**Demographic and Economic Information**

*These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place*

Demographic and Economic Statistics	H-14
Principal Employers	H-15

**Operating Information**

*These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs*

Full-Time Equivalent County Government Employees by Function	H-16
Operating Indicators by Function	H-17
Capital Asset Statistics by Function	H-18

Note (1): The total assessed value amounts are based on the original tax digest prior to additions, deletions and corrections to accounts. The adjusted assessed value is used to calculate the tax levy amount on the Property Tax Levies and Collections (See Exhibit H-10) in order to indicate a more fair presentation of taxes billed and collected. All property is assessed as of January 1st of each year.

Total direct and overlapping debt	<u>\$ 19,934,901</u>		<u>\$ 19,934,901</u>

Source: Debt outstanding data provided by the Cities of Helen and Cleveland and the White County School Board

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, burden borne by the residents and businesses should be taken into account.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the government's boundaries and dividing it by the County's total taxable assessed value.

**Independent Auditor's Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed In Accordance with *Government Auditing Standards***

Honorable Chairman and Members  
of the Board of Commissioners  
White County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of White County, Georgia, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise White County, Georgia's basic financial statements and have issued our report thereon dated November 15, 2016. Our report includes a reference to other auditors who audited the financial statements of the White County Health Department, as described in our report on White County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that were reported on separately by those auditors.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered White County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of White County's internal control. Accordingly, we do not express an opinion on the effectiveness of White County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency to be a material weakness:

**2016-001**

*Condition:* While performing audit procedures at the Clerk of Court's office, we noted that the time clock has been changed on the computer system in order to back-date receipts for reporting.

*Criteria:* Proper internal controls require all transactions to be recorded in the accounting records in a timely manner.

*Effect:* Failure to record transactions in a timely manner exposes the assets of the County to greater risk of misappropriation.

## **2016-001, continued**

*Recommendation:* The time clock should not be changed under any circumstances and receipts should be entered as they are received.

*Management Response:* Management has provided a copy of this finding to the appropriate Elected Official and they concur with this finding. This action was taken immediately upon receipt of the comment from our auditors.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies to be significant deficiencies:

### **2016-002**

*Condition:* County personnel may require additional training in the application of generally accepted accounting principles and the preparation of financial statements. Currently, the County relies on the external auditors for technical assistance in applying generally accepted accounting principles and the preparation of the financial statements. This is common for governments of similar size and structure to the County. Under current auditing standards, providing technical assistance does not impair the independence of the external auditor. However, future changes to auditing standards by standards setting boards could state that providing technical assistance would impair the independence of the external auditor. This does not indicate that the Finance Director is not trained to perform the daily accounting functions, but that the County has elected as a cost benefit to outsource this expertise to their auditors. As required, we have indicated this as a significant deficiency in our letter on Internal Control and Compliance.

*Criteria:* Effective internal control requires that the County accept responsibility and understanding of the audited financial report.

*Effect:* Failure to understand the financial statements may lead to material misstatements.

*Recommendation:* County personnel should continue to receive training in the identification and application of generally accepted accounting principles and the preparation of the County's financial statements.

*Management Response:* Management concurs with this finding. Finance staff will continue classes to obtain/renew certifications. Additional educational classes are recommended by the County Manager on GASB 34, the preparation of the government-wide financial statements, and the reconciling items for full accrual statements.

### **2016-003**

*Condition:* While performing audit procedures at the Magistrate Court, we noted instances where deposits were not made timely. Receipts were held for more than seven days before depositing in 9 of 40 (23%) receipts tested.

*Criteria:* Proper internal controls require that cash receipts be deposited and transactions recorded in a timely manner.

*Effect:* Failure to deposit cash receipts in a timely manner exposes the assets of the County to a greater risk of misappropriation.

*Recommendation:* At a minimum, deposits should be made weekly.

*Management Response:* Management has provided a copy of this finding to the appropriate Elected Official and they concur with this finding. This action was taken immediately upon receipt of the comment from our auditors.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether White County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described below:

### 2016-004

*Condition:* While performing audit procedures at the Clerk of Court's office, we noted that the payouts are not made in a timely manner. The payouts were several months behind as of June 30, 2016.

*Criteria:* State of Georgia Code requires that all courts pay-out monies due to others in a timely manner.

*Effect:* Failure to make required pay-outs of monies being held by the Court will place the County in violation of state law.

*Recommendation:* As required by the State of Georgia, payouts to agencies should be made on a monthly basis.

*Management Response:* Management has provided a copy of this finding to the appropriate Elected Official and they concur with this finding. This action was taken immediately upon receipt of the comment from our auditors.

## White County, Georgia's Responses to Findings

White County, Georgia's responses to the findings identified in our audit are described above. White County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of White County, Georgia's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
