

WHITE COUNTY BOARD OF COMMISSIONERS

**MINUTES OF THE PUBLIC HEARING, WORK SESSION
& CALLED MEETING HELD**

MONDAY, SEPTEMBER 25, 2017 AT 4:30 P.M.

The White County Board of Commissioners held a Public Hearing, Work Session and Called Meeting on Monday, September 25, 2017 at 4:30 p.m. in the Board Room at the White County Administration Building. Present for the meeting were: Chairman Travis Turner, Commissioner Terry Goodger, Commissioner Lyn Holcomb, Commissioner Edwin Nix, Commissioner Craig Bryant, County Manager Michael Melton, Finance Director Vicki Mays, and County Clerk Shanda Murphy.

Chairman Turner introduced the items to be addressed during the scheduled Land Use Public Hearing.

- An application filed by Mr. Mark Byrd to redistrict property located at 36 Cannon Road Cleveland, GA 30528 from C1- Community Commercial District to C2 – Highway Business District. Total acreage 3.506; and
- An application filed by Mr. Mark Byrd to redistrict property located at 36 Cannon Road Cleveland, GA 30528 from C1- community Commercial District to C2 – Highway Business District. Total acreage 1.820.

Mr. Harry Barton, Planning Director, presented the applications to the Board of Commissioners. He stated that Mr. Byrd owned the two (2) separate parcels – the 3.506 acres which had a single family structure on it and was accessed from Cannon Road and the 1.820 acres on which his storage facility business was located which fronted Duncan Bridge Road and was accessed from Cannon Road. Mr. Barton explained that several weeks ago Mr. Byrd had inquired about expanding his business which would have required a conditional use permit in the current classification; however upon review the expansion could not meet the setbacks required in the C1 district and square footage limitations. Mr. Byrd then chose to seek the reclassification of both parcels to C2. Mr. Barton indicated that the Planning Commission issued a recommendation to deny the reclassification of the 3.506 acre parcel and to approve the reclassification of the 1.820 parcel.

Mr. Byrd presented his request for land use reclassification to the Board of Commissioners. He stated that he was required, at the purchase of the property in 2011, to designate the property as two (2) separate parcels for lending purposes. He explained that his plan was to add additional office space and additional storage facilities (50'x145') to the 1.820 tract and wanted to have the 3.506 tract reclassified to C2 as well so that he could expand in that area as well in the future based on the demand for storage facilities. Mr. Doug Sherrill with Land Development Professionals spoke on behalf of Mr. Byrd and stated that it was important for both parcels to have the same land use classification because if they did not it could create issues with adding the septic needed for expansion if the property line from the front parcel needed to be moved back further into the back parcel. Mr. Byrd verified that his access to the properties was off

Cannon Road – where he owned property to the center of the roadway. Commissioner Bryant asked if access could be constructed off Duncan Bridge. Mr. Byrd and Mr. Sherrill stated that due to the location of the existing buildings there is not adequate space to meet the DOT design requirements for that access. Mr. Sherrill expressed that he did not believe the issue of property lines related to the access was relevant to the land use decision being considered – however Commissioner Bryant stated that he disagreed because criteria for the classification did relate to access, increased traffic would be caused by the expansion, and additional access off Cannon Road would be needed. Chairman Turner stated that he agreed with the relevance as well – as reclassification of the property would affect what could be developed on the property in the future.

Chairman Turner opened the floor for anyone in support of the land use reclassification applications being considered.

Following three (3) opportunities announced for anyone in support of the land use reclassification applications being considered – with there being no comments the floor was closed.

Chairman Turner opened the floor for anyone in opposition of the land use reclassification applications being considered.

Mr. Steve Cannon (representing is father who resides at 121 Cannon Road Cleveland, GA) – Mr. Cannon stated his opposition to the land use reclassification request and that he is in great disagreement with the noted property line agreement and affidavits had been appropriately filed with the courts in accordance with their dispute of this. He noted that Cannon Road has always been a private road and his father had maintained the road since 1956. He spoke of the decades his family had owned and farmed the property. He approached the proposed project as a nuisance issue. He stated specific sections in the White County Land Use Plan where the proposed project did not meet the required standard of both C1 and C2 land use classifications. Mr. Cannon also stated that the residential structure on the property currently classified as C1 was not taxed on a commercial basis – rather on a residential basis. He addressed other concerns such as setbacks, site distance, increased traffic, and litter. He expressed his like for Mr. Byrd; however he stated that he had to protect his father, his inheritance, and the community from the issues the reclassifications would pose. He ended by restating his (and his father's) opposition to the land use reclassification applications being considered.

Following two (2) additional opportunities announced for anyone in opposition of the land use reclassification applications being considered – with there being no further comments the floor was closed.

The Commissioners received clarification that the only access to either parcel was through Cannon Road and that both parcels are currently classified as C1. Mr. Barton restated for the Board that the Planning Commission did not recommend reclassification of the 3.506 acre parcel and that did recommend reclassification of the 1.820 acre parcel. Chairman Turner received confirmation from Mr. Cannon that his father is at his residence three (3) or more days per week.

Chairman Turner adjourned the public hearing.

Chairman Turner called the Work Session & Called Meeting to order.

Upon motion made by Commissioner Holcomb, seconded by Commissioner Bryant there was a unanimous vote to deny the application filed by Mr. Mark Byrd to redistrict property located at 36 Cannon Road Cleveland, GA 30528 (3.506 acre tract tax parcel # 076-130) from C1-Community Commercial District to C2 – Highway Business District.

Upon a motion made by Commissioner Goodger, seconded by Commissioner Holcomb there was a unanimous vote to approve the application filed by Mr. Mark Byrd to redistrict property located at 36 Cannon Road Cleveland, GA 30528 (1.820 acre tract tax parcel # 076-130A) from C1- community Commercial District to C2 – Highway Business District.

The requested agenda item made by the Northeast Georgia Veterans Society (NGVS) to fund and erect a statue of the late Private Rondall Glaze (1926-1945) in Freedom Park had been withdrawn by the Northeast Georgia Veterans Society (NGVS).

Mr. Mitchell Posey, GBI Special Agent in Charge of the Appalachian Regional Drug Enforcement Office (AREDO) presented an application for the 2018 Edward Byrne Memorial Justice Assistance Grant (JAG) in the amount of \$446,121.00 through the Criminal Justice Coordinating Council (CJCC) for the funding of the multi-jurisdictional drug task force – for which White County serves as the fiscal agent. He stated that the task force consisted of 19 law enforcement officers and 2 administrative employees. He also presented the 2018 Memorandum of Understanding (MOU) for the operation of the Appalachian Regional Drug Enforcement Office (ARDEO) covering ten (10) local law enforcement agencies in the Northeast Georgia Region.

Upon a motion made by Commissioner Bryant, seconded by Commissioner Nix there was a unanimous vote to approve the application for the 2018 Edward Byrne Memorial Justice Assistance Grant (JAG) in the amount of \$446,121.00 through the Criminal Justice Coordinating Council (CJCC) for the funding of the multi-jurisdictional drug task force – for which White County serves as the fiscal agent and the 2018 Memorandum of Understanding (MOU) for the operation of the Appalachian Regional Drug Enforcement Office (ARDEO) covering 10 (ten) local law enforcement agencies in the Northeast Georgia Region.

Responses received for the County's Request for Qualifications (RFQ) for Employee Benefits Broker Services and the scorecards associated with the review of the proposals submitted were presented to the Board of Commissioners.

Upon a motion made by Commissioner Goodger, seconded by Commissioner Nix there was a unanimous vote to award the Employee Benefits Broker Services to MSI Benefits Group.

Mr. Melton introduced Mr. John Sell, the new Director of Community & Economic Development.

Mr. Kevin Hamby, SPLOST Manager, presented the monthly SPLOST Status Report (see attached).

Information to be presented by Sheriff Neal Walden on recommended improvements to the White County Courthouse was tabled until the October 30, 2017 Work Session.

Upon a motion made by Commissioner Nix, seconded by Commissioner Holcomb there was a vote to approve the final lease-purchase documents with BB&T for the 2018 Kenworth T-800 4,000 Gallon Pumper / Tanker approved for purchase by the White County Board of Commissioners on October 3, 2016 with financing terms of three (3) years / 2.36% interest / \$251,450.00 principal – thereby approving the following resolution (County Resolution No. 2017-16). Chairman Turner and Commissioner Goodger voted in favor. Commissioner Bryant abstained. The motion passed by 4-0 vote.
